The Loft Restaurant & Bar & Loft Shack

In January, we entered the second of five three-year terms with the restaurant. The Loft Restaurant and Bar, as well as The Loft Shack, has had another fantastic year and have recently hired a new head chef to take the culinary experience to the next level. Kevin and Kathy have created and developed a great following over the years and they always enjoy seeing old friends and meeting new ones.

The Loft has several special events planned for the remainder of the year and openings for your events as well. From wedding and anniversaries to reunions and birthdays, The Loft is your celebration destination. Please keep us in mind for your next special event, we would love to be your host.

Again, thank you for your support and we look forward to another great year in 2020!

Bon appétit! Kathy & Kevin

THE COVE AT YARMOUTH OPEN YEAR ROUND

to The Cove at Yarmouth on the other side of Mill Creek, formerly known as the Howard Johnson Motel). The debris from the Cape Sands' roof was blown over the creek slamming into the gable end of the RSC building. Approximately one third of the corrugated sheet metal wall was dented and torn open on the end. Twenty plus vehicles experienced some sort of windshield and/or body damage as the debris was scattered throughout the 500-parking lot area.

As if this wasn't enough, sadly we lost all the Bradford Pear trees that lined the right side of the main drive and another four large oak trees in the back of the property, just barely missing unit 315. These 40+ year old trees provided an impression of an established rural setting. We will replant and only time will tell.

The staff did an excellent job cleaning up the debris and getting the outdoor pools ready to use the next day and thanks to Amazon the seven patio tables and 14 umbrellas were delivered the next day. The Cove at Yarmouth's insurance policy will cover all the damage mentioned at an estimated cost of \$95,000 and the policies wind deductible for a non-named storm is \$25,000.

TORNADOS HIT CAPE COD

Tuesday, July 23, a very eventful day, that brought a severe thunderstorm with a rare tornado imbedded within it causing severe damage throughout Cape Cod, but no injuries were reported. The multiple twisters which had wind speeds of up to 110 miles per hour, as well as straight line winds, touched down in the towns of Yarmouth, Harwich and Chatham. These powerful winds were enough to blow the roof right off the Cape Sands Inn, (adjacent property
